

Time Guardian®

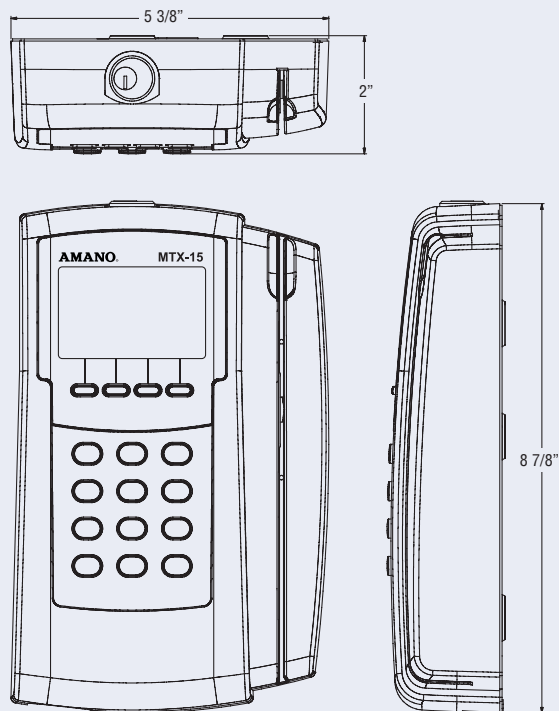

Employee Time Tracking System

Time Guardian® is an accurate employee tracking system designed to boost efficiency while ensuring profitability. Easy to set up and configure, the system is designed for managers with time constraints. It enables you to automate the collection, calculation, and preparation of employee time data for payroll, while saving hundreds of dollars on your bottom line. According to the American Payroll Association, manual calculations usually incur a minimum of one percent error. Over the course of a year, that can result in thousands of dollars in lost profits. Time Guardian reduces, this risk, boosting your overall efficiency quickly and at an affordable price.
